Re- Elect

PACHECO – Seaside City Council

About Dave Pacheco

During the past eight years as your councilman I have represented you through numerous committee assignments. Further, I have taken the initiative to participate in park clean ups, community events, sustainable events, and numerous business openings.

In my career and as a lifelong resident of Seaside, I have led and developed countless programs that have made a difference to the quality of life for Seaside's youth and residents.

I have made Seaside my #1 priority and with your help, I promise to continue to do my utmost to ensure our city's successful steps into the future. We will continue to focus on enhanced services and greater opportunities for our residents.

"It takes a team to make a community better. This collective effort improves services to all Seaside residents"

Dave Pacheco

Re-Elect

Dave Pacheco for Seaside City Council

“Championing Seaside’s Future”

Seaside’s Future is upon us- The path forward has to be focused on proven leadership and putting Seaside #1. This will continue to be my full time focus and priority.

I appreciate the opportunity to serve the residents of Seaside and share my background, ideas, and successes. Over the past two terms, I have proven to be an independent voice, consistent history of listening to residents and continuing a path to achieve excellence through achieving a strong quality of life for residents.

We have made strides to creating a greater community, however, the time is now for actions that create a lasting impact on Seaside’s future. Our focus must continue to be on strong police and fire department, good paying jobs, newly paved streets, affordable housing, and improved parks. A sustainable community with attention to the environment must remain to be a vital concern through action.

I have been an action – driven voice, a Councilman that leads by example. Community participation in park clean-ups, attendance at commission meetings, community meetings, and peninsula events and programs that directly concern Seaside, I am a present participant. Further, I am the only Councilman in Seaside’s history to have consistent town hall meetings over eight year to give Seaside residents a voice.

I am a life long resident, worked for the City of Seaside for 36 years, and raised my family in Seaside. Seaside is my home. I am invested in Seaside and have the desire and will to continue to strengthen Seaside’s future positive imprint on the next generation.

Seaside is creating a community of residents that can be proud of their city and is growing into a leader on the peninsula for action. We have a cutting edge plan that is leading us into great future for generations to come.

The path to excellence has many curves and we are on the cusp to achieve a vision that will make a significant positive difference in our children and grandchildren’s lives. Championing Seaside’s future takes a vision with an understanding of Seaside’s history. I am a life long resident who has grass roots knowledge of residents with an understanding of the direction needed to continue to build a great city. I have a passion for Seaside and our residents and the desire to lead Seaside to achieve greater excellence and quality of life for community.
